Information Request LI 1-6

- Q. Please refer again to Exh. KED/AEL-3b, p. 4. Please state whether the Company is willing to immediately expand the On Track program on a proportional basis to its Colonial and Essex territories.
- A. The Company has not as yet completed the initial 18-month period of the On Track program in the Boston Gas service territory. As a result, the Company has not had the opportunity to fully analyze its effectiveness or to contemplate expansion of the program. The Company will consider whether to expand the On-Track program to the Colonial and Essex territories at the conclusion of the initial 18-month period.
